**Recommendation for Mrs. Sabrina April**

To whom it may concern,

From January to June 2014, we had the pleasure of working with Mrs. Sabrina April as part of "Trade Missions" organized by the University Laval. Sabrina was representing our company as International Trade Agent for a mission in Chile.

The purpose of the mission was to assess the potential of the Chilean market for our company specialized in the design and manufacturing of high end wood windows and doors. Ultimately, Sabrina had to identify one or more potential distributors interested in our products.

From the beginning to the end of her trade mission, Sabrina has shown a great ability to do the preliminary researches, to understand our objective, to plan relevant meetings and share with us complete, clear and credible information.

With her knowledge of Spanish and her careful planning, she was able to quickly establish contacts with several organizations in Chile. Her daily reports were complete and her questions were relevant. In the middle of her mission, she put us in touch with a company interested in our products; she immediately organized the contact between the two companies knowing that they had in hands concrete projects.

On her return from mission, a full, detailed and useful report was given to us.

We are proud to recommend Sabrina for her rigorous work as well as the relevance and the professionalism of her interventions.

Sincerely,

A handwritten signature in blue ink that reads "Sonia Martin". The signature is written in a cursive, flowing style.

Sonia Martin  
President and CEO
